Subject: Invitation to 42nd Indian Social Science Congress, December 15-19, 2018,
BHU, Varanasi

Dear Sir/Madam

We are happy to inform you that Banaras Hindu University, Varanasi will host the 42nd Indian Social Science Congress on 15th -19th December, 2018. Even in 1977, we hosted it marvelously. Since then The ISSC has proved to be much significant in today's world of academics and has contributed a lot of conceptual materials for our policy planning and self-reliant development. It covers all subjects of science through 26 subject/discipline Research Committees and 21 interdisciplinary thematic panels. It seeks to discover, develop and disseminate indigenous science of nature-human-society. It is a unique national science forum duly recognized by UGC. **Human Future in Digital Era** is the focal theme of the 42nd Indian Social Science Congress. All its details are given in this booklet.

The theme of the Congress is relevant for both science and society. The world, we live in, is very fastly becoming digital, it appears to be unsustainable. We invite all the scientists, technologists, philosophers, policy planners and researchers to deliberate on the myriad issues arising out of the social, cultural, political, economic, psychological and ecological impacts of the digital technology.

All are welcome to present their papers at the Congress. We shall be grateful to you for giving it wider publicity within your organization and encouraging your colleagues to participate in the Congress. We will do our best to make your visit to our beautiful and academically vibrant campus, comfortable and memorable.

Looking forward to a very pleasant interaction and stimulating deliberations,

With regards,

Yours sincerely,

(Rakesh Bhatnagar)
