

University Campus WI-FI Project launched on 19th March 2018.

Shivaji University, Kolhapur launched the campus Wi-Fi project on 19th March 2018 (54th Convocation Day) in presence of Hon. Vice Chancellor, Hon. Pro-Vice-Chancellor, Registrar and Management Council Members. Said project has been jointly developed with Reliance Jio. MoU was signed on 04th Sept. 2017 between Reliance Jio and Shivaji University, Kolhapur.

Approx. 450 indoor Access Points and 30 outdoor Access Points with 80 networking racks were installed in various academic departments and sections. Now students, faculty and staff are able to use Wi-Fi on campus. Approx. 17 Km underground OFC cable has been laid down by Reliance Jio. Even university guests and visitors are able to access Wi-Fi on university campus. This is one step towards **Digital India...**
