SUK announces engineering exam schedule

TIMES NEWS NETWORK

Kolhapur: The Shivaji University, Kolhapur (SUK) on August 24 announced the winter semester schedule for engineering students.

A official SUK circular read that Mahesh Kakade, director of board of examination and evaluation in SUK exam will start from November 1, later this year.

The circular added, "Candidates are requested to be present at their respective places 15 minutes before the examination time. The students must not carry any book or paper to the examination hall."

The circular also mentioned a centre list for the written, practical and oral examination. As many as 33 centres have been named for the same in the division.

An SUK official said, "The winter exam will continue to use the Secured Remote Paper Delivery (SRPD) system for the engineering courses, which have proved successful in the past few years."

On the working of SRPD, the official said, "The examination department can send the concerned papers directly to the examination centres in an encrypted format online. Nobody can decrypt the answer sheets then.

At the examination centre too, the concerned authority are given two one-time passwords, one to decrypt the document and other to download the copy."

The official added, "SUK will be continuing with the no supplement policy in the engineering examination too. Instead of the supplement, SUK has increased the number of pages of the answer sheet to 40 which will be applicable for all the courses."

It has to be noted that SUK has overall 281 affiliated colleges across Sangli, Satara and Kolhapur districts with over 3 lakh students imparting education in over 30 courses.
