

Science & Engineering Research Board

Prime Minister's Fellowship Scheme For Doctoral Research

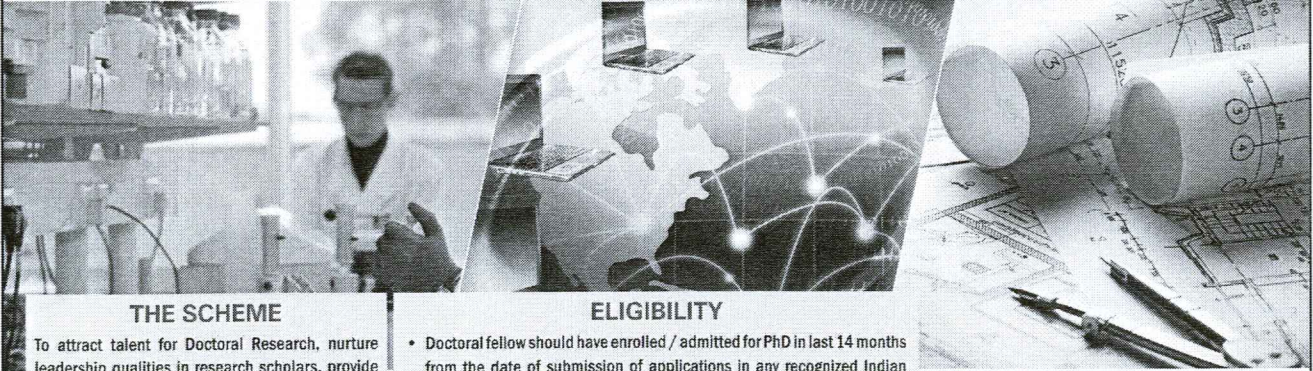

Confederation of Indian Industry

A Joint Initiative of Science & Engineering Research Board, Department of Science & Technology (DST) & Confederation of Indian Industry (CII) to Build Future Leaders in Industrial Research & Development

Applications are invited from doctoral fellows (in partnership with industry) to avail double scholarships in the areas of Science, Technology, Engineering, Agriculture & Medicine

This scheme is open-ended. Candidates can apply anytime during the year.

THE SCHEME

To attract talent for Doctoral Research, nurture leadership qualities in research scholars, provide them exposure to international best practices, innovative ways of thinking and to boost industrial research by academic institutions, the government and industry have jointly developed a scheme for supporting aspiring 100 PhD scholars every year with double scholarship (up to Rs. 6 lakh per annum), 50% of which will be provided by government and balance 50% by a sponsoring company, for doing research as assigned by the sponsoring company, for four years. The fellow will receive PhD degree by doing this industrial research.

ELIGIBILITY

- Doctoral fellow should have enrolled / admitted for PhD in last 14 months from the date of submission of applications in any recognized Indian University / Institute / Research Laboratory.
- Doctoral fellow should have identified (before applying) an industry partner who should be ready to support the research project financially and also lend technical and intellectual support.
- The topic of research should have practical relevance and industrial application as mutually agreed between applicants and sponsoring industry.
- The candidate and the proposed research topic should qualify on criteria of excellence and relevance and be of technical and scientific merit.
- The selected doctoral fellow should be willing to work with / in industry as and when required by the industry partner during the project period.

HOW TO APPLY

Applications have to be submitted on-line only
Please note that no physical application forms & documents will be accepted.

For application and detailed information, log on to:
www.primeministerfellowshipscheme.com

SELECTION PARAMETERS

- A high level Apex Council consisting of members from academia, industry and government will review the applications and select the candidates for award of PM Fellowships.
- The project should be innovative and of high scientific merit; with discrete R&D as opposed to exploratory investigation.
- The proposed research should have a high potential to translate into a business opportunity and commercialization.
- High credibility, capacity of doctoral fellow and the institution.

Prime Minister's Fellowship Scheme for Doctoral Research

The Government of India, through the Department of Science & Technology (DST) and Science & Engineering Research Board (SERB) have joined hands with the Confederation of Indian Industry (CII) to address the problem of low number of PhDs in the country. Industry, through CII, and government, through SERB, have together instituted a joint fellowship scheme for scientific and industrial research, called the Prime Minister's Fellowship Scheme for Doctoral Research, where up to 100 talented students will be selected every year to receive double scholarship for a maximum period of four years to work on industry-relevant projects.
