Sub: Upcoming NPTEL Online Certification Courses - July - Dec 2019

Greetings from NPTEL, IIT Madras.

The National Programme on Technology Enhanced Learning (NPTEL) was initiated by seven Indian Institutes of Technology (Bombay, Delhi, Kanpur, Kharagpur, Roorkee, Guwahati and Madras) along with Indian Institute of Science, Bangalore under the Ministry of Human Resources Development, Govt. of India in 2003 for the creation of web and video courses in various disciplines of engineering, basic sciences, management and humanities. Currently more than 1700+ courses are available on the web portal <http://nptel.ac.in> for viewing and download at no cost.

NPTEL is the National MOOCs Coordinator for Engineering of SWAYAM, a National MOOCs portal, which is again an initiative of MHRD. As per the gazette notification of UGC and AICTE in August 2016, up to 20% of courses can be taken from MOOCs on SWAYAM for credit by Universities and colleges in India upon adoption and approval by the respective Academic councils; hence NPTEL online certification courses can be taken for credit transfer in this manner. About 15-20% of the total exam certified participants are faculty members from various colleges and hence these programmes are helping in faculty development and improvement. The advanced courses are also recognized by AICTE as FDP.

Since March 2014, we have been offering open online courses under NPTEL on the portal <https://onlinecourses.nptel.ac.in> which are similar to the MOOCs offered in platforms like edX, Coursera or Futurelearn, etc. UG/PG, core/elective any kind of course can be offered under this initiative. There is no fee charged for any of this.

It is similar to a course run on campus - except that everything happens online. Every week, about 2.5-3 hrs of recorded video lessons and an assignment based on it are made available. There is a discussion forum to facilitate clarification of doubts by participants.

Where we differentiate ourselves from other platforms is that at the end of the course, we offer the students the option for registering for an in-person proctored exam for a nominal fee. Only those who register and write the exam and score more than 40% will get a certificate from the CCE of the IITs/IISc.

Our numbers since March 2014:

Courses offered: 1300

Enrollments: 6.6 million

Exam registrations: 6.7 lakhs

Total enrollments for Jan - April 2019 semester exams: 1.61 Million

Total Number of registrations for Jan - April 2019 semester exams: 2.04 Lakhs

Total number of certified candidates for Jan - April 2019 semester exams: 1.61 Lakhs

NPTEL ONLINE CERTIFICATION COURSES FOR CREDIT TRANSFER

The Board of Academic Courses (IIT Madras Senate) meeting held on 11.08.2016 resolved to approve permitting BTech/ Dual Degree students at IIT Madras to take NPTEL online courses for a maximum of 7 credits. Similarly IIT Roorkee, IIT Palakkad and IIT Tirupati have implemented credit transfer from NPTEL Online Certification courses. We urge you to introduce a similar crediting mechanism in your esteemed institution too.

NPTEL Local Chapters – partnership with colleges

NPTEL partners with around **2600+ colleges** (engineering/ management/Arts and Science colleges) in the form of NPTEL Local chapters. Each college has a coordinator with whom NPTEL works closely to encourage maximum participation of students as well as faculty. Local Chapters are rated in each semester based on performance further motivating the colleges to participate in full rigour. For a full list of partnering colleges, please go to this link <https://nptel.ac.in/LocalChapter/details.php>

Internships/Workshops for course toppers

NPTEL has recently embarked on an initiative - NPTEL Industry Associate - to bridge the gap with the industry wherein they can co-offer courses in their area of expertise, conduct workshops for NPTEL certified students in niche domains, offer internships, etc. Course toppers are provided an opportunity to take internship with industry /course instructor. Toppers are also given an opportunity to participate in workshops conducted by IIT faculty and/or industry experts.

NPTEL DOMAIN CERTIFICATION

On top of course level certificates being given, NPTEL has also initiated Domain Certifications for candidates who complete a specific set of courses with prescribed marks. Certification bundles for 3 disciplines are available now with. More disciplines/courses to be added to the bundle with time. Details are available at <https://nptel.ac.in/noc/domain.php>

Lab workshops

To provide students from colleges in Tier 2 and Tier 3 towns with an experience of world class facilities that might motivate them further, NPTEL has started week long laboratory workshops at some of the top institutes, such as the IITs, IISERs and IIITs. These workshops will be attended by the students in person. <https://nptel.ac.in/nptelWorkshop/>

COURSES OPEN FOR CERTIFICATION THIS SEMESTER

Currently **358 courses** are open for enrollment on the portal <https://swayam.gov.in>, Request you to share this with your students/faculty who may be interested in taking up these courses (course booklet and posters attached).

Thank you.

Warm Regards,

Prof. Bhaskar Ramamurthi
