11. REPORTS OF ADMINISTRATIVE DEPARTMENTS

Information of Internal Quality Assurance Cell:

While considering the Educational development in higher education system as well as some similarities noted in developing countries, 'Quality Assurance' is very important in higher education. As per the recommendations of National Education Policy 1986 and according to University Grants Commission Act, 1956, Section 12 (ccc), the University Grants Commission established the "National Assessment and Accreditation Council (NAAC)" in 1994 at Bangalore. In order to raise the standard of higher education and to raise the quality of community oriented education and research with a view to accept the challenges of competition from foreign universities in pursuit of globalization, the NAAC Department was established in the university in November 2002.

As per the educational development policy, it is recommended in guiding principles that even after the NAAC accreditation, Universities and affiliated colleges should establish Internal Quality Assurance Cell to sustain the quality in higher education. As per the guidelines Internal Quality Assurance Cell (IQAC) was constituted in the University and changes have been made as per the guidelines issued from time to time. Accordingly, meetings of the members of this cell are held regularly.

The first national assessment and accreditation was carried out through NAAC in 2004, second was done in 2009, third in 2014 and fifth in 2021. In these assessments the University received 'B +', 'B', 'A' and 'A++' grades respectively. The following table shows the particulars of accredited affiliated colleges and recognised institutes along with the obtained grades.

NAAC Accredited Colleges									
	A++	A+	A	B++	B+	B	C++	C+	C

Internal Quality Assurance Cell (IQAC)

Every year, the Annual Quality Assurance Report (AQAR) of the University is being prepared by the Internal Quality Assurance Cell and the report is submitted to NAAC, Bangalore. According to the guidelines of IQAC meeting of the committee is organised. According to the decisions taken regarding the quality enhancement of the university by IQAC are sincerely executed. Attempts are also made to address the shortcomings identified by the NAAC Peer Team. As per the recommendations of IQAC regarding the developments to be made to provide the adequate and appropriate facilities and also suggests certain changes to be made before appearing to the NAAC Peer Team, the administration execute the suggestion by issuing orders to the concerns.

Affiliated colleges of the University are frequently informed regarding the assessment or re-evaluation of NAAC. The guidance regarding the assessment is also delivered to them through the workshops and seminars organised by the departments and affiliated colleges. The orders and ordinances regarding the accreditation through NAAC are communicated to the concerned, time to time.

The Documentation Centre of I.Q.A.C. of University is visited by the principals, teachers of the colleges / recognised institutions or the college level committees to learn the function of the NAAC in the college. During the pandemic situation global economy continues to remain weak. The industrial growth is becoming more jobless in nature, even in emerging economies. In such a scenario, the Gandhian model of decentralized, distributed and diversified innovation-based enterprises is perhaps the best way forward to solve the problems. Gandhiji had always wanted to blend modern science and technology with community knowledge and institutions. His message has become extremely relevant in today's context. Shivaji University is committed to support the realization of effective ideas. I am sure that this meet will inspire everyone to experiment and innovate.
