&**

Shivaji University Center for Innovation, Incubation and Linkages

07 March, 2025

11:00 am - 05:30 pm

Auditorium, Department of Physics, SUK

About the symposium

The symposium aims to provide detailed insights and guidance on the Humboldt (AvH) Fellowship application process, with special emphasis on proposal writing. The event will cover aspiring Ph. D. students who have just submitted their thesis or awarded Ph. D. degree recently, providing them guidance to strengthen their application for this prestigious fellowship by Ambassadors of AvH Foundation and expert members of Humboldt Academy Pune (HAP), Chapter.

The Ph. D. students who have just submitted their thesis or awarded Ph. D. degree recently will have the opportunity to present promising projects in the poster format ([Sample Format](#)) which will be evaluated by a committee from HAP. The committee will select 3 or 4 posters projects which have potential for the AvH fellowship. The shortlisted students will have to make a powerpoint presentation of 7-8 slides (10 min. presentation and 3 min. discussion). The selected students will be mentored by the AvH Foundation Ambassadors for the preparation of the application, handholding in choosing the German collaborator etc.,

Thus the symposium will catalysed the tapping of potential and providing opportunities to young students for the prestigious international AvH Fellowship.
