

# Shivaji University, Kolhapur

## Department of Statistics

### A two-day symposium on Statistical Exploration of Real Problems

(February 23-24, 2024)

### A session on Innovations and Problems in Statistics Training

**Target group of participants:** UG and PG Statistics teachers

**Date:** February 23, 2024

Time: 10. 30 AM

#### About the Session

- ✓ There will be in-depth discussions on possible innovations in Statistics training, especially on classroom teaching, practical, and exposure to real life applications.
- ✓ Also, there will be discussions on the problems being faced by the teachers in Statistics training and possible remedies for that.
- ✓ All UG and PG Statistics teachers are invited to submit a description of their innovative ideas about classroom teaching, practical, and exposure to real life applications. Also, they are invited to submit a description of problems faced in these three activities.
- ✓ Last date for submission: **January 31, 2024**
- ✓ Click below for submission of innovative idea/problems faced
