**About the Workshop:**

The Department of Education at Shivaji University, Kolhapur, is hosting a two-day workshop on Blended Learning in Higher Education, aligned with the under the aegis of PM-USHA Scheme Activity on Teaching Pedagogy. This workshop aims to equip educators with innovative strategies and tools to enhance their teaching methods in digital world. Blended learning, combining with traditional and online instruction, fosters engagement and caters to diverse learning needs. Participants will explore key topics such as course design and digital tools integration through interactive sessions and discussions. The workshop also addresses the challenges like technology access and student motivation, providing practical solutions. Ultimately, it seeks to empower faculties to embrace innovation and inclusivity in higher education, inviting all disciplines faculties to engage in this transformative journey for the future of learning.

**Objectives of the Workshop:**

Participants will:

- Understand the principles and benefits of blended learning.
- Acquaint the experiences with digital tools and platforms with hands-on activities.
- Develop strategies for designing and delivering blended courses.
- Learn how to address challenges such as student engagement, accessibility, and assessment.
- Explore case studies and success stories from higher education Institutions.
