6.	Implementation of the recommendations of the Examination Reforms Committee : 1) Universities shall make all out efforts for implementing the recommendations of Examination Reforms Committee. 2) University websites shall be made compliant with WCAG. 3) All Universities shall use Plagiarism Detection Software for English as well as vernacular language. 4) The Universities to take effective steps to upload all academic records of students, including legacy data and provide access to the students to their documents.	Expect on- screen evaluation most of all other recommendations are implemented.
8.	Academic Audit of University Departments and affiliated Colleges – 1) Universities shall conduct academic audit of all Departments and affiliated colleges in a time-bound manner and submit reports to the Chancellor and the Government through Director, Higher Education. 2) Tough action needs to be taken against the Institutions having gross deficiencies in infrastructure and faculty and if necessary they shall be de-affiliated after following due procedure.	Every year IQAC undertakes Academic Audit. Two types of audits are conducted viz. Gerneral Audit and Domain Specific Audit. The University has conducted General Audit of Academic and Administrative Audit for the academic years 2017-18 and 2018-19 of all the academic Departments of the University. Academic audit of affiliated colleges will be done as per Maharashtra Public Universities Act 2016. A template for the same is being placed before authorities for approved.

11.	Centre for Competitive Examination Training and Skill Development – Universities to strengthen the centres for competitive examination training and skill development.	The Centre of Coaching Classes for Entry into Services is started from 2004. Basically the Centre is only for the students who are from Scheduled Castes, Scheduled Tribes and Minority Communities such as Muslim, Christians, Sikhs, Buddhist and Jain Communities. This Center is funded by University Grants Commission, New Delhi. The coaching under the scheme intends to be oriented for competitive examinations conducted for the selection to social services, such as the IAS, State Public Services, MPSC, UPSC, Bank recruitment, etc. The coaching may be focused on the specific requirements of a particular competitive examination. Special classes outside the regular timetable are held under this programme.

C) Agenda Items :

1) Integrated University Management Systems (IUMS) The development of the IUMS system and its implementation shall be carried out in a strictly time-bound manner.

5.	Timely declaration of results :	
	1) Renewal of affiliation to the colleges should be based on, inter-alia, the participation of the teachers in the answer book evaluation process. The number of registered evaluators of a college and their performance shall be proportionate to the number of students from that college in the related courses or programmes. Colleges that are not providing adequate numbers of evaluators should be issued notices for cancellation of the affiliation.	Most of the results are declared in time. All faculty members are being directed to evaluate the answer book. Every possible measure is being taken to ensure timely declaration of results.
	2) Universities to ensure compliance of the provisions of Section 89 of the MPU Act. They should ensure timely declaration of results. All deviations from the prescribed norms should be reported by the Vice-Chancellor without any delay to the Chancellor's office and Government.	
6)	Ranking of the State Universities – Universities shall make concerted efforts for improving their ranking at National & International level.	Sensitization regarding ranking is being done by IQAC. The shortfalls have been studies and efforts are underway to improve the same.

7.	Curriculum Reforms – Universities to introduce new electives under CBCS in above six areas viz. Cyber Security, Geospatial Information System, Banking Financial Service & insurance, Product Design Engineering, Pharmacy Education and Health & Wellness and design the curriculum, train the teachers on the specific topics.	For B. A./ B. Com./ B. Sc. and other under Graduate Courses from Academic year 2018-19 University has introduced Skill Development Courses under Choice Based Credit System (CBCS) for Sem II and Sem VI there shall under self study mode which are as follows: • Any one from following (i) to (v) i) Business Communication & Presentation ii) Event management iii) Personality Development, iv) Yoga & Physical Management v) Resume, Report & proposal writing • Any one from following (vi) to (x) vi) Interview & Personal Presentation Skill, vii) Entrepreneurship Development Skill, viii) Travel & Tourism, ix) E-Banking & Financial Services, x) RTI & Human Right Education (HRE), IPR & Patents
8)	Updates on RUSA : 1) Universities to fully utilize the RUSA grants.	The grant of Rs. 20 Crores has been sanctioned by RUSA to the University under Phase-I, Component No. 3 : Infrastructure Grants to University. Out of this grants till today, The amount of Rs. 13.69 crores have been received and in which the amount of Rs. 9,60,93,074 has been utilized, the remaining amount Rs. 4,08,06,926 will be utilized soon.
	2) All Universities shall develop a mechanism for Student tracking, Campus Placement Cell and comprehensive use of Software Application for data collection.	The University has Central Placement Cell frequently conducts off-campus, on-campus placement drives for the University students. The Placement Cell has placed more than 10,000 students for various positions in National and Multi-national Companies.

10.	Tax exemptions for the Universities – 1) All the Universities shall draw up a time bound programme for filing of the proposal for income tex exemption to the competent authority. 2) If required the VCs may approach Income Tax experts.	For Income tax exemption, we have applied for the registration of the Certificate u/s 12 A of Income Tax Act., 1961 for the process of this application, we have appointed one Chartered Accountant. Accordingly Deputy Commissioner of Income Tax mentioned that they have rejected the application for grant of registration u/s under 12 AA (i)(b)(ii) of the Income Tax Act, 1961, with the letter reference dated 08.12.2017. Now we have applied again Income Tax exemption with the letter dated 26-03-2018 for approval u/s 10 (23c) (vi) of Income Tax Act, 1961.
11.	Uniform acceptability to students from other Boards and Universities – Universities shall set up system to expeditiously grant equivalence to the degrees so that students do not face problems.	
14.	Utilization of Government Grants – Universities must ensure that grants received from Government are utilized for the sanctioned purpose and are not kept idle in accounts.	
15.	Compliance of Audit Paras – Universities shall clear the pending audit paras in a time bound manner.	Accountant General, Mumbai has conducted the audit for the year 2010-11 to 2015-16during 17-04-2017 to 03-05-2017. At that time compliance of old para's is done. During audit 15 new para's are raised. All 15 paras compliance is done. Two were dropped. Again compliance of 13 para'as is submitted to A.G. on 04-06-2018.

17.	Presentation of Autonomy – 1) Universities to encourage the college/institutions to go for autonomy and grant autonomy to colleges having more than 3.5 NAAC score. 2) H&TED to issue guidelines in the form of Common Statutes for granting autonomy. 3) All Universities shall strive to improve their NAAC accreditation scores so as to improve their categorization in graded autonomy and similarly encourage the affiliated colleges to improve their position.	IQAC has taken a note of importance of graded autonomy. Recently a workshop was conducted under RUSA to accomplish the same.

	Concluding Remarks
2)	VCs to make university campuses clean and green by achieving zero garbage and zero discharge status and also to increase the use of renewable energy. The University campus should have LED lights by participating in the Government of India Scheme.

Shivaji University's campus is spread over 853 acres at Kolhapur, In order to achieve the goal of sustainable development, the University authorities are making serious attempts and are trying to convert the present campus in to a green campus with an objective of reducing the amount of energy in various forms to be borrowed from external sources. It is focused to explore the resources within the campus, refine them and use them so as to fulfill the day to day requirements.

Strategies Adopted By The Shivaji University For Aiming Of Green Campus

- **Rain Water Harvesting**

  Prior to implementation of water harvesting system the water was supplied by the Municipal Corporation of Kolhapur and was costing substantially high. A system was therefore adopted to collect rainwater during monsoon and to filter it by using own filtration plant for University Building in that period. The excess quantity is used for harvesting.

  Shivaji University has become a front-runner in water conservation and management. The University has become self reliant for its daily water needs through decentralized water conservation and management programme. The university has successfully tapped the rainwater falling on its 853 acre campus.

- **Construction of minor irrigation tanks within the campus**

  Although the university become self reliant only this year, the idea of capturing and collecting rainwater was initiated in 2000, when it constructed a minor irrigation tank (MIT) behind the Language Department Building at a cost of Rs.44.30 lakh. The tank has a capacity of 8.52 million cubic feet. This year, the MIT filled to 100% of its capacity, which resulted in the recharging of a well, located downstream of the tank. Over the last educational year, the MIT caused the saving of some Rs.10.00 lakh to the University. In the period between July 2005 and April 2006, the University, instead of purchasing water from the Kolhapur Municipal Corporation, used the water from the recharged well. The well collects the university's daily need of around 2 lakh litres of water. This year the university undertook a massive water management and rainwater harvesting project. A storage tank with a capacity of 1.86 million cubic feet has been constructed behind the Music Department, at a cost of Rs.24.59 lakh.

- **Construction of Reverse osmosis (R.O.) plant on campus.**

  The University used to take drinking water from Kolhapur Municipal Corporation approximately for six months during summer every year. The water for other half year was taken from Universities own sources i.e. Sutar Well which is treated in treatment plant (1 MLD capacity) on campus.

  As per rates of Kolhapur Municipal Corporation the University used to pay Rs.40/- per 1000 liters. Around 6,00,000 liters of water is consumed on campus. The average bill water consumption from Kolhapur Municipal Corporation for two months was ranging from Rs.7,00,000/- (in initial period) to Rs.12,00,000/- during summer. Considering 15,000 souls including floating population and 5 liter consumption per day per soul University required around 1,00,000 liters of water exclusively for drinking purpose.

  Considering the demand of 1,00,000 liters of water exclusively for drinking purpose and water lifted from sources of Kolhapur Municipal Corporation of around 6,00,000 liters decision was taken by University authorities regarding installation of Reverse Osmosis water treatment plant on campus.

  The Shivaji University, Kolhapur authorities had decided to provide quality water for drinking for all stakeholders on the campus. Accordingly R.O. plant of 5000 ltr. per hour has been installed on campus in 2016 and R.O. treated water is provided to all residents / departments / students. This R.O. water has curtailed the water demand substantially and quality water is supplied to all stakeholders on campus and there is substantial saving in water demand.

- **Construction of Well on the University campus**

  The University authorities decided to make attempts to make the University campus self reliant. Accordingly, two new open wells on the campus, one on the downstream side of dam constructed near the Music Department building and other on the extreme western side of existing open well on the western side have been constructed. These wells augment the existing water resources and thus have made contribution towards making the campus self reliant regarding the water demand.

- **Solar Hot Water Systems**

  At present University's all three boys hostels and two girls hostels and guest house have been provided with solar hot water system. Prior to installation of solar hot water system, the hot water requirement of the residents was met with electrical geysers. The hot water system installed is for 500 boys, 500 girls and guests visiting the University. The hot water system is of forced flow type

	consisting of flat plate collectors provided at the top of the terrace. After installation of the solar hot water system it is seen that the actual electrical consumption has been substantially reduced at hostels and guest house. ● **Solar Photovoltaic System :-** Recently The University has Installed 180 kw grid connected roof top mounted fixed axis solar photovoltaic power plant at main administrative building and chemistry Building of Shivaji University, Kolhapur, under Rashtriya Uchastar Shiksha Abhiyan (RUSA). Due to installation of the system university is able to save Rs.5000/- to Rs.6000/- per day depending upon climatic conditions. ● The University authorities have constructed vermin composting plant near the Canteen building and the solid waste is being treated there. The Management Council in its meeting held on 19/05/2018 has decided to invite Expression of Interest (E.O.I.) from the firms treating the solid waste and prepare manure from the plant which can be used for the gardens of Shivaji University, Kolhapur.
VCs to set up a proper system to manage the large numbers of colleges by using IT based management tools.

2) To give top priority to timely declaration of results. 3) To develop and implement the Integrated Universities Management System in a time bound manner. 4) To prepare a Management Information System for periodical review of Universities in all key result areas.	Planning and co-ordination of CAP management to declare all the result in time. Discussions with authority concerned and vendors to work out the possible strategies with various alternatives. Approval from Hon'ble Vice-Chancellor is taken for developing Shivaji University, Kolhapur Management Information System (SUKMIS). Draft for Request for Proposal is prepared (RFP) and final RFP will be sent to Technical Committee for approval. Once all necessary approvals are taken actual development will be initiated on priority.
5) To adopt Choice based credit system and introduce skill development courses as electives.

iii) University Buildings - Whether all required permissions are obtained, plan of action for old and dilapidated structures, unutilized buildings etc.

The land of Shivaji University was allotted by appointing special Land Acquisition Officer of Govt. of Maharashtra in year 1964. As per provisions in University act the land is under final control of State Govt. (As per provision in Maharashtra Public Universities Act 2016 under section (3)(5). The Shivaji University applies to Kolhapur Municipal Corporation / Ujalaiwadi Grampanchayat for obtaining building permission as per the location under the provisions for Govt. buildings in MRTP act. Correspondence with the authorities of local bodies is repeatedly made as well as joint meetings of University authorities and Corporation authorities were conveyed. However the issue of required permission is yet to be resolved. It is experienced that formal building permission / occupancy certificate etc. is not received by the University in spite of paying the required charges as well as annual property tax to the local bodies.

The old and dilapidated structures are specially residential quarters are periodically repaired and are allotted to various academic activities like Adhyasans, Lok Vikas Kendra, Stree Abhyas Kendra, National Service Scheme, Skilled Education, Sports Hostel, International Hostel etc.

Invitation for Workshop on New NAAC QIF

As you are aware the National Assessment and Accreditation Council (NAAC) has revised the Assessment methodology. In this respect a Quality Indicator Framework (QIF) has been designed for three different categories of Higher Education Institutions (HEI's). In this regard an 'Information Session' is scheduled at Rajarshi Shahu Senate Hall, Shivaji University , Kolhapur on December 22, 2017 from 11.00 am onwards. Dr. Jagannath Patil, Advisor, NAAC will be the resource person for this session. Prof. Devanand Shinde, Hon'ble Vice-Chancellor, Shivaji University, Kolhapur will preside over the function. Prof. D. T. Shirke, Hon'ble Pro-Vice-Chancellor will also present for this function.

All the Principals of affiliated colleges, IQAC Coordinators, HODs from University Departments and teachers are hereby informed to take benefit of this information session. The session will be highly useful for gearing up for the New NAAC QIF.

Director,
Internal Quality Assurance Cell (IQAC)
Shivaji University, Kolhapur.

Shivaji University Outcome Based Education Project (SU-OBE)

Need for OBE

- Focus on skills and results achieved by the students as the most important aspect of education

- Most quality assurance &accreditation practices are based on this methodology

- As per the Washington accord in 2014 , OBE is implemented at higher education

- Main motto of OBE based education is to improve technical education make students competent at global level

NAAC perspective

- NAAC in Quality Indicator framework has laid heavy emphasis on the OBE

- OBE and its attainment forms the basis foundation for curriculum aspects

- Significant weightage is given for PO's, CO's, PSO's and attainments

- Missing at our University

- Project entitled Shivaji University Outcome Based Education (SUOBE) is initiated

  Members of project: Dr. Pratibha Patankar (Chair person),

  Dr. Ajit Thete (Domain expert),

  Dr. Kavita Oza (Member secretary)

Framework for the project

- Review of Vision and Mission statement of Departments

- Inputs to be provided for defining PEO-PO/PSO-CO through workshop

- CO-PO mapping

- Designing attainment level & target attainment level

- Calculating CO-PO attainment

- Designing teaching learning strategies at course level & Program level

- Providing guidelines & framework

Items mailed to Departments before visits

- Guidelines for preparing Vision mission, PO's , PSO's , CO's

- Meeting schedule

- Attendance sheet

- Prerequisites for session

Visit schedule

- Visits were schedules from 13-14th August from 10:00am till 6:00pm

- Total 10 sessions were conducted covering 35 departments.

- Departments within the closer vicinity were combined & addressed.

Visit outcomes

- Few departments had prepared their Vision/Mission statements

- Reviewed and suggestions were given

- Detail guidance to prepare Vision/ Mission statements
  - (Existence of Department, Purpose of being in existence, core values of department, unique feature of Department)

- Mission needs to be framed first then Vision statement

Visit outcomes...

- Program outcomes and Program Specific outcomes were discussed

- PO's should match with mission

- CO's should satisfy some PO's.

- MCA & MBA programs to refer NBA document for PO's

- CO's versus PO's matrix

Curriculum aspects

- Cross cutting issues

    (Environment, Professional ethics, Gender eqity..)

- Value added course

- Identification of advance and slow learners

- Internal evaluation

- Projects for demonstration

- Global & local issues

OBE Booklet of each Department

- Copy of Vision Mission document

- Copy of PEO's, PO's, CO's and CO vs. PO matrix

- Curriculum structure

Next Step

- Review of OBE document of each Department

- Course attainment process to be initiated

THANK YOU

About the Conference

IICCRHE-2018 is interdisciplinary as well as multidisciplinary conference intended to provide a global platform to the Researchers, Academicians, Industrial personnel and Students to share their researches, ideas and have intellectual deliberations and application of all upcoming challenges in Curriculum with reference to Higher education with National and International delegates.

About Shivaji University

Shivaji University, established in 1962, is named after the Great Maratha Warrior and founder of the Maratha empire Chhatrapati Shivaji. It was inaugurated on 18th November, 1962 by Dr. Radhakrishnan, the then President of India. One of the major objectives behind foundation of this University was to cater to the regional needs of South Maharashtra. The jurisdiction of the University is spread over three districts viz. Kolhapur, Sangli and Satara with strength of about 3,00,000 students studying in 27 affiliated colleges and recognized institutes with 40 departments, along with traditional Graduate and Post Graduate courses. University has signed number of MoUs with various research institutions of national and international repute. University has started innovative courses like Nano Science & Technology, Social work and Rural Studies. This region of Maharashtra boasts of rich and varied socio-cultural heritage. The University's efforts towards excellence are being recognized by the substantial grants received from funding agencies like UGC, DST, DBT etc. The prestigious university has recently been accredited with A Grade by NAAC having CPGA 3.16

About Department of Education

The Department of Education was established on 7th of November 1979 and the building in which it is housed is named after the renowned Educationist Padmabhushan Dr. J. P. Naik. The department keeps abreast of and changed the thrust areas of teaching and research over the years in keeping with the UGC, NCTE guidelines. The Department offers M.Ed. (Master of Education), M.Phil. and Ph.D. in Education along with P.G. Diploma Courses in Mass Communication Education and Teacher Training in Education and B.Ed.-M.Ed. (Integrated) Programmes. The thrust areas are: Inclusive Education, Science Education, Teacher Education and ICT and E-education. The Department of Education has excellent infrastructural facilities with Information technology lab, upgraded e-classrooms and Auditorium.

About Department of Electronics

Department of Electronics, Shivaji University, Kolhapur is at the forefront of the academics, research and development work in the field of Electronic Science and Technology. Commenced its operation in June 1987, the Department has now been recognized at National level by the University Grants Commission, New Delhi with its Special Assistance Program (SAP). On the academic front, currently M.Sc., M.Phil. and Ph.D. programmes are offered. The Department is largest in terms of the faculty strength perhaps at national level. All the faculties are active in research and take pride

in guiding research students' thereby pursuing research in the thrust areas of national priority.

Academic flexibility has been introduced by the university in the post graduate department from June 2007. Under the academic flexibility programme, M.Sc. syllabus is thoroughly revised with structural modifications and inclusion of new additional theory papers and practical work component. It has been now introduced with credit system along with continuous internal evaluation [C.I.E.] system of examination. In view of the rapid obsolescence of technology, the department strives hard to keep the syllabi up to date. The pedagogical aspects have been improved by using the smart classroom setup. Almost all the students of the department get placement in industries and teaching field. The alumni of the department are well connected and placed at reputable positions both nationally and globally.

About Department of Computer Science

The Department of Computer Science was established in 1989. The courses offered: by the department are M.C.A. (Master of Computer Application), M.Sc. (Master of Science), D.C.P. (Diploma in Computer Programming), M.Phil. and Ph.D. The department has good infrastructure consisting of three computer laboratories with 150 internet nodes, Entire teaching learning takes place in an on-line paradigm using (LMS) i.e. MOODLE. Report
One Day Workshop on Examination Reforms

One day workshop on **Examination Reforms** was organized by Internal Quality Assurance Cell (IQAC) of Shivaji University on 3rd March 2018 at Department of Computer Science, Shivaji University, Kolhapur. Workshop was inaugurated by Dr. R. K. Kamat, Director IQAC. He gave the keynote address on need for reforms in examination system. The talk began with how assessment of students play an important role in deciding the quality of examinations. He talked about new generation techno savvy students with emphasis on their needs and approach towards evaluation system. New generation students' needs to be evaluated with technology aided tools which will make evaluation system more interesting and simple for them. He focused on moving from paper based tests to online tests. He also spoke about different evaluation platforms available freely on internet.

Key note Address by Prof. R. K. Kamat

Keynote address was followed by the first session of the workshop held by Dr. K. S. Oza of Department of Computer Science. During Session-I an open source game based online evaluation tool Kahoot was introduced, which is game-based learning platform used at educational Institutes. This learning game allows to create 'Kahoots', which are multiple choice quizzes, accessible through web browser or Kahoot app. She gave Demo on how to create kahoots (quiz) for evaluation.

Kahoot interface

Session-II, the last session of the day was hands on in Computer laboratory conducted by Dr. U. R. Pol . Participants were guided to create Kahoots related to their topics. An online test using Kahoot was also conducted to give participants experience of student as well as teacher.

Workshop ended with vote of thanks proposed by D. V. S. Kumbhar. Nearly 50 teachers from different Departments of University as well affiliated colleges were the beneficiary of the workshop.

ABOUT KOLHAPUR

Kolhapur is a well known historical, educational and cultural city connected by road and rail to most of the cities in India. It is about 250 kilometres from Pune city, about 110 kilometres from Belgaum and 380 k.m. from Churchgate, Mumbai.

New Palace, Chandrakant Mandare Kaladalan, Mahalaxmi Temple, Panhala Fort, Siddhagiri Gramjivan Museum (Kaneri Math) and Amboli are the places to visit around Kolhapur. Kolhapur is famous for Jaggery and Kolhapuri Chappals. The weather in the month of January will be cold.

ABOUT THE UNIVERSITY

Shivaji University was established in 1962. It has been re-accredited with Grade 'A' (CGPA -3.16) by NAAC in 2014. The University is situated in Kolhapur, Maharashtra State and is named after the Great Maratha Warrior and founder of the Maratha Empire, 'Chhatrapati Shivaji.' The serene and beautiful campus of Shivaji University is spread over 849 acres. The Departments for U.G. and P.G., Centres, Chairs and student support services in the campus facilitate the pursuit of research and development of human resources. The University, primarily established to cater to the regional aspirations has now geared up to transcend this regional image and is emerging as one of the Global Institutes of Higher Education and Research.

ABOUT THE DEPARTMENT OF EDUCATION

The Department of Education was established on 7th of November, 1979 and the building in which it is housed is named after the renowned Educationist Padmabhushan Dr. J. P. Naik. The Department has regularly updated itself and kept the thrust areas of teaching and research in tune with the UGC, NCTE guidelines. The Department offers the P. G. Diploma Courses in Mass Communication Education and Teacher Training Education besides M.Ed., M. Phil. and Ph.D. courses in Education. The specializations of the Department are: ICT and Education, Inclusive Education, Language Education, Science Education and Teacher Education.

ABOUT THE BAHA'I ACADEMY

The Baha'i Academy, a Recognized Institution of Shivaji University, is an educational instituion engaged in research and action in the field of value education for institutions of higher learning. It offers a collaborative programme on Education in Universal Human Values to the interested institutions. Its objective is to build moral capabilities in the youth and develop the required skills, noble qualities, healthy attitudes and a strong sense of purpose to enhance their personal development and contribute to social progress.

REACHING THE VENUE

The Education Department Auditorium, Shivaji University, Kolhapur is about 4 km. away from the Central Bus Stand and Railway Station. Auto rickshaws and city buses are available to reach the venue.

OBJECTIVES OF THE WORKSHOP

1. To acquaint the participants with Pedagogical Practices for Inculcating Value System in the students of Higher Education.

2. To provide the participants opportunities to share their experiences about Pedagogical Practices for Inculcating Value System in the students of Higher Education.

IMPORTANCE AND RELEVANCE OF THE WORKSHOP

Inculcation of a value system in students is one of the major goals of Education. In the present world of Science and Technology, it has been very challenging to achieve this goal. In this regard, the key issue is about pedagogical aspects. This workshop will help the educators in enhancing their pedagogical knowledge and skills regarding the inculcation of value system in students of higher education.

Shivaji University, Kolhapur

Report of the Session:

Attendees: Faculty Members as per the attached sheet

A brainstorming session for all the faculty members from the departments on campus was convened on October 7, 2017 to discuss the SWOC Analysis of Shivaji University, Kolhapur.

Director, IQAC, Prof. Kamat presented the vision and thrust area of the university i.e. "to fulfill the education, social, cultural and economic needs of the region". Deliberations were done on the "Vision 2025" vision plan of the University. It was made clear that the session is not for rewriting the vision, mission or goals but to come out with the all encompassing SWOC which will be reflection of the departments as well. The HODs and senior Professors presented their views on the process. Following SWOC was finalized after the unanimous decision of the faculty members:

Strengths:

- NIRF Ranking (2016) 28th
- NAAC 'A' grade (2014-2019)
- Globally ranked 1 in Materials Science Collaboration
- H – index of the institute: 86
- Student: Teacher ratio 1:20
- World class research in thrust areas in tune with world ranking institutes.
- 1st Rank in Material science amongst Indian Universities (Current science 2016)
- Exponential growth in quality research output during last 5 years indicating strong potential for accelerated growth
- International collaboration with 63 reputed institutes
- Substantial increase in research metrics
- Focus on Societal problems and Societal linkages through NSS/ DSW
- Two RUSA sponsored Centres of Excellence
- N^3 (Nucleate-Nurture-Navigate) mechanism to prepare next generation UG/PG students
- I^3 (Inculcate-Innovate-Incubate) mechanism to motivate faculty through research sensitization, Networking, collaboration
- Strong networking with stakeholders for addressing societal issues
- Pollution-free campus with rich biodiversity spread over more than 800 acres ofland

- Post-graduate Departments in most of the disciplines viz. Basic Sciences,Humanities, Languages and inter-disciplinary subjects.
- Sixty-Four MoUs signed with national and international organization.
- The only University in the State to implement successfully the cluster collegescheme (Lead College Scheme) for the total quality management of thestakeholders in affiliated colleges.
- Efficient IT based Accounts Code (developed by the university) admired byHon'ble Chancellor and adopted by majority of the universities in the statethrough Govt. of Maharashtra.
- 'Earn and Learn' Scheme as an inclusive educational model implemented fromthe year 1968 onwards.
- Sensitization of the University towards Environmental problems of WesternGhat.
- The only University in Maharashtra selected for AICTE sponsored TEQIP III program.
- Students achieved medals in various games of sports at National and International level

Weaknesses:

- Less number of international students
- Blending of domestic and international faculty is weak
- Academic programs, infrastructure and fellowship schemes to attract international students yet to be introduced
- Holistic e-Governance for the administration at the inception level
- Formal research and innovation ecosystem yet to be formulated
- A few industrial linkages
- Patent, IPR and technology transfer culture at the inception level
- Resource mobilization yet to be strengthened

Opportunities:

- Scope for professional consultancies.
- Enriching curriculum with focus on internationalization
- Provision for better infrastructure for international research scholars.
- Ample scope internationalization of higher education and attracting foreign students.

- Potential for holistic implementation of ICT in all the walks of University life
- Expansion of University-Society Interaction for sustainable development.

Challenges:

- Policy constraints in formulating the mechanism of credit transfer across the globe
- Affordability of higher education at par with international for the students coming from lower economic strata of the society
- Existing recruitment policies

Employability Skill Assessment

The assessment of graduates based on the employment requirements is essential. IQAC took the initiative and proactively conducted the 'employability skill test' of the students.

The test is based on the principles of career guidance for graduate and post-graduate students. It emphasizes 7 key ability areas and 8 occupational interest areas.

The personality parameters such as, Scientific interest, Social Science interest, Commerce interest and skill such as verbal skills, reasoning skills, Mechanical ability, etc is checked.

The assessment is specifically designed to discriminate between candidates of average ability from whose competencies are measured for general level in employment and training.

The standard reports are generated indicating the graph of student's abilities across the parameters. The graph indicates the areas in which the candidate is required to enhance their capabilities. The report generated based on the score, helps the candidate to focus on the development of the specific domain.

The graduate/post-graduate students in the tune of 10% of the university student's strength were assessed and benefitted by the test.

USE OF MOODLE IN UNIVERSITY ACADEMICS

MOODLE is one of the unique initiative taken up by the IQAC.

The IQAC took initiative at three levels;

I. Awareness and training;

II. Internal mechanism to establish the MOODLE at department level/individual courses;

III. Uploading the learning material on MOODLE and establish MOODLE as LMS of university.

The IQAC took initiative and conducted micro-level and macro-level workshops for use of moodle as LMS.

Department-wise series of workshops were conducted at university. The task of training was assigned to the teaching staff of the university having vast experience of using it. The internal committee was constituted to facilitate and monitor the progress in the task.

All department and all most all faculty members of the university has uploaded the learning material of their respective courses. There are 1500+ MOODLE links are available having uploaded by the teaching faculty of the university.

2.6 Innovative processes adopted by the institution in Teaching and Learning:

A committee was constituted by IQAC to identify the strengths and weaknesses related to teaching-learning. Report of the committee is as follows:

Report of the Innovative Processes Adopted by Institution in Teaching and Learning

The Departments have their unique way of designing, planning and implementing innovative process in teaching and learning.

Most of the language departments adopt critical evaluation of movies based on novels prescribed in their programmes and followed by Think-Pair Share and Group discussions for character analysis, community based experiential learning to identify the characters in local folks and culture analysis. The Department of Hindi extensively uses ICT for teaching – learning with help of various software prescribed by the Government of India.

Most of the Social Sciences Departments adopt Case Studies, Blended mode of learning, Community based projects, Problem solving methods, Seminars, Projects, Brainstorming, Role playing, Concept mapping, Mind mapping and Panel Discussion. The Department of Commerce and Management developed videos which are available on You- tube based on their curriculum and prepared CDs for teaching and learning.

Science Departments use Project based learning methods, Experiential learning methods based on context based need analysis, Expeditionary learning, Scenario -based learning, LMS and e- learning resources.

Thus, Departments on the campus use innovative Student- centric teaching-learning methodologies and techniques and ICT for effective teaching such as Learning Management Systems (LMS) and e-learning resources based on their programmes and Course outcomes.

2.7   Total No. of actual teaching days during this academic year   :   187

2.8 Examination/ Evaluation Reforms initiated by the Institution (for example: Open Book Examination, Bar Coding, Double Valuation, Photocopy, Online Multiple Choice Questions)

1. **Effective end –to –end use of ICT for reforms in Examinations**
   - ➢ DUDC Project is in practice form 2010-11.
   - ➢ Admission/Registration from college level.
   - ➢ Student Login
   - ➢ College Login
   - ➢ Eligiblity
   - ➢ Exam Form
   - ➢ Hall Ticket with time table
   - ➢ Result
   - ➢ Revaluation/Verification form/ T.C./Migration
   - ➢ Appointment Portal: Online appointments of paper setter examiners and moderators
2. First year examination of 12 courses have been entrusted to college.
3. Practical examinations are decentralized with cluster
4. University has identified CAP centers in three district and increased as cluster level i. e. 19 CAP centers within three district.
5. Online paper delivery through secured mode- scope increased. Round about 2700 plus papers are delivered out of 6000 papers in the event mar – 2017
6. Online application for Entrance examination with payment gateway facility.
7. Continuous internal Evaluation and Semester and examination.
8. e-Suvidha –Digital University Digital College (DUDC.)
9. Secured Remote Paper Delivery (SRPD) mode system : (50% papers)
10. On-Line application for Convocation, with Payment Gateway, Online Convocation number facility.
11. Decentralization of examination.
12. MoU with NAD/CDSL.

The Examination Section follows the schedule of paper-setting, printing of question papers through RBI recognized Printing Press, coding , evaluation, decoding and declaration of result. These reforms are implemented fully. Normally the result are declared as per the schedule.

The average time for declaration of result of examination is 35 days. Average time taken for the University Departments is less than 30 days. Shivaji University has a very goog track record of declaring more than 70% result within 30 days. University arranges a special assessment programme so as to avoid delay in results. The results are declared on University website and notice boards.

2. **Question Bank/ Question Paper Banks Creation**
   - ➢ Partially operative for Computer Sc. IT Branch. It will be extended to other branches.
   - ➢ Online entrance Examination Scope extended up to seven examinations.
3. **Secured Delivery of Examination Papers**
   - ➢ It has been started with Engg. 1st Year From Oct. 2012.
   - ➢ Now it is implemented for all Engg., courses and for other courses. 4000+ question papers are sent through SRPD Mode.
4. **OMR and Barcode Technology in Cover Page of Answer –sheet**
   - ➢ University is planning to introduce barcode system (Pilot has been executed).
   - ➢ OMR system is already in use for entrance exam and some Practical Examination.
5. **Results Processing and Publication**
   - ➢ Result Processing and the Publications of the results have been declared and displayed on University Website.
   - ➢ The result is made available to the students through their own login
6. **Online Application for Photocopy & Revaluation.**
   - ➢ We have introduced online application for photocopy revaluation & verification.
   - ➢ Photocopy is mode available to the students though their out login
7. **Wholesome Education by Universities through Non-credit/ Certification Course, Self -Certification, Extra Marks/Credits, MOOC etc.**
   - ➢ Credit system has been introduced in the University Depts. and colleges also for most of the programmes.
   - ➢ Overall examination period has been reduced from 89 dyas to 42 days covering almost 630+ semester examinations of every instance (i.e. Winter/summer)
   - ➢ Certificate courses are introduced in colleges through Career Oriented Courses and B. Voc level.
8. **Empowerment of differently abaled students.**
   - ➢ Process has been initiated to provide the facilities to differently abled students.
   - ➢ Extra time is given to the Differently able students for exam as per existing rules.
   - ➢ All University Depts. and most of the colleges have ramps for easy mobility.
   - ➢ Workshop were conducted at three district level for the awareness of the dyslexic person.
9. **Financial Requirements and Modalities of ICT Solution**
   - ➢ University requires State Govt. support for equipping Exam. Centers in the affiliated colleges.
   - ➢ Needs Technical Support for the Exam cell.
10. **Sharing of Best Practices.**
    - ➢ Lead Colleges Scheme has been successfully practiced.
    - ➢ Conducted workshops for sharing the Best practices like COE Conference, paper- setters conference, Teaching and not teaching.

4.2 Computerization of administration and library

The work of retro-conversion of library active collection was completed in LibSys integrated library software package in the year 2008. The bibliographic information about the collection is made available through library OPAC/Web OPAC system. In addition to this, automated acquisition module, technical processing module for new purchase (data entry, bar code generation and pasting) and circulation module for issue and return of books to the readers have been initiated with the LibSys integrated library management software. Library automation work management and back up management are administered through centrally controlled computer room. Almost all the housekeeping modules are computerized. They are listed below-

1. Automated acquisition module

2. Technical processing module (Data entry, bar code generation and pasting)

3. OPAC/Web OPAC module

4. Automated Circulation module and

5. Automated Serial Control etc.

The user can get online bibliographic information about the document, information about books issued on their name, due date details etc. without physically visiting to the library.

5. Student Support and Progression

5.1 Contribution of IQAC in enhancing awareness about Student Support Services

A) Library Orientation Programme:

   Library orientation programme to the new university students (P.G and Research) was arranged by presenting the information regarding Library by Lecture presentation from 07-09-2017 to 08-09-2017 to acquaint the newly admitted students about university library, library resources, its various services, methods, procedures and various sections etc. along with their work functions. 565 students attended the programme. Library visit (Library Tour) was also arranged between 11-09-2017 to 18-09-2017. 490 students visited the library under this tour period. In all, 1055 students were oriented about the library.

5.8 Details of gender sensitization programmes

Shivaji University's Centre for Women's Studies has successfully integrated gender sensitization in all its activities like teaching, research, advocacy, counseling, extension and documentation. The Centre's gender sensitization initiatives have individual as well as institutional aspects. Its teaching programmes have an integral focus on gender sensitization.

'Promoting gender equality and sensitivity in society' has been spelt out as one of the objectives of a Public University as per the Maharashtra Public Universities Act 2016 and the Centre strives to contribute towards attaining the same. It organizes gender sensitization workshops for teachers, students, and other cross sections of society. Six workshops were organized during the report year. Details of some of these are given below. The Centre also offers gender sensitive counseling to individual clients, mostly students, who find this it extremely useful. All teaching programmes of the Centre aim at gender sensitization of persons.

In the view of concrete evidence of irregularities in the inquiries of sexual harassment complaints aimed at protecting sexual harasser/s, the Centre committed itself to reporting the violations of the Act of 2013 and UGC Regulations of 2015 about sexual harassment at workplace so that the University will not attract penalty for the same.

As per the said UGC Regulations, victimization of 'covered individuals' like complainants, witnesses and the inquiry committee will attract severe penalties like stopping grants, adverse publicity on the UGC website and de-recognition by the UGC and the Central/ State Government for financial assistance. Given the serious consequences of non-compliance, the Centre has accorded top priority to institutional gender sensitization by reporting irregularities in inquiries, favouritism towards sexual harassers; and the victimization of complainants and also of inquiry committee member/s.

Having witnessed the grave harm caused by gender-insensitive members of complaints committees on sexual harassment resulting in further victimization of the survivor of sexual harassment, the Centre devised a value-added, need-based course for the members of Internal Complaints Committees (ICC) in Shivaji University's affiliated colleges. Prof. D. T. Shirke, Honourable Pro-Vice-Chancellor of Shivaji University inaugurated this Course on the eve of International Women's Day, the 7th March 2018. The inauguration was followed by gender sensitization workshops.

A workshop on "Gender Sensitization for Judicious Inquiries into Sexual Harassment at Workplace" was organized on 16th April 2018.

The Centre uses popular movies as the training material for gender sensitization. It screens a popular movie, asks the participants to review it from gender perspective and then sensitizes them about sexually harassing behaviour depicted therein that had remained unnoticed. Two such screenings were organized on 15th April and 26th April 2018, followed by gender sensitivity training.

For institutional gender sensitization of Shivaji University, the Centre conducts its gender audit and submits a report. In the report year the Centre continued the data collection for ongoing gender audit of Shivaji University. In its previous report the Centre has made recommendations about attaining gender balance and for making the Campus safe for women and girls. It also included a whole chapter about sexual harassment at workplace in the said gender audit report and suggested measures for ending violations of the Act of 2013.

6. Governance, Leadership and Management

6.1 State the Vision and Mission of the institution

Vision:

Shivaji University is committed to meeting the educational, social, cultural and economic needs of the region and the nation to create a just and humane society.

Mission:

We are dedicated to promoting and fostering a culture of high quality teaching and learning, and serving the societal needs by encouraging, generating and promoting excellence in research and extension activities.

6.2 Does the Institution has a Management Information System

Yes, the University does have MIS. The University is playing vital role in updating the information of University on Management Information System (MIS) developed by Director, Higher Education, Pune. University also ensures that all of its Affiliated Colleges registered in MIS should update the information on time.

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1   Curriculum Development

The policies of the national level apex bodies like UGC, AICTE, BCI, NCTE, National Universal Education Quality Framework (NUEQF), National Vocational Council (NVC), National Skill Development Corporation (NSDC) and other related agencies, and the Central/State Governments provide certain directives about the curriculum design which are taken into account while framing / revision of curriculum. The subject related research councils also provide broad guidelines about the course work and curriculum design. Such policies and the local demands are considered while designing the curriculum and the course work. The feedbacks from various stakeholders are also taken into account while doing so. The Departmental Committees reviews all such policy issues and then the curriculum and course work is designed well in advance and forwarded to the respective BOS and Faculties. The need-based assessment of the existing curricular content is closely monitored by the BOS in various subjects. In the deliberations of the Academic Council, BOS, (in which external subject experts are invited) Faculties and Dean's meetings, content and revision of curriculum are discussed. The proposed curriculum is displayed on the University web-site inviting comments of the teachers from the affiliated colleges, Departments and students prior to its finalization and approval of the Faculties and Academic Council. The teachers are oriented about a new course curriculum. Periodical updates are made in the curriculum as and when required.

Shivaji University encourages the affiliated colleges to provide skill-oriented programmes relevant to the regional needs. The affiliated colleges are free to design the need based skill-oriented certificate and diploma courses for which they receive substantial funding from the UGC under the XI Five Year Plan (Merged Schemes and under Innovative Programme Scheme of UGC). There are 124 Add on-Courses, 35 Diploma Courses and 15 Advanced Diploma Courses started by the affiliated colleges, which have received grants to the tune of Rs. 7 lakhs each from the UGC.

The learner's flexibility is introduced through Choice Based Credit System. All P.G. departments (32) on the campus are having Academic Flexibility to design and revise their own courses. These courses are simultaneously introduced at the P.G. centres in the affiliated colleges. About 50% of the syllabus belongs to the core area. The elective options are designed on the basis of the skill based and applied nature of the papers. The students have cafeteria to choose from the electives.

Each semester paper is having four units of 15 contact hours each. Each semester has 60 contact hours. One credit point is assigned to 15 contact hours each. Credit points are calculated on the basis of the grade points. The marks obtained by the students are converted into grade points and then the credit points.

The University facilitates Dual Degree Programme wherein students can simultaneously enroll for one UG/PG course in regular mode and other courses conducted by the Centre for Distance Education.

The Centre for Distance Education offers 10 programmes with 334 courses in the faculty of Arts, Social Science, Commerce and Management and one IDS Course, Master of Valuation (Real Estate).

Need based programmes with employability in emerging areas are major factors which encourage University to undertake interdisciplinary programmes. M.Sc. in Applied Sciences, M.Sc. in Nanoscience and Technology and MCA, MBA, MSW courses under Yashwantrao Chavan School of Rural Development, MBA (Executive) and Master of Valuation under distance mode, M.A. (Music) and other self supporting programmes run by the University are some of the examples of interdisciplinary courses.

Quality sustenance and enhancement measures followed by the University for effective development of curriculum are as follows:

- Advice from the industry experts.
- Representation of industry experts, subject experts from other   Universities and Research institutes on the respective BOS.
- Teacher Training on revised curriculum.
- Mechanism of sub-committees on special areas.
- MoUs with international and national institutes of repute.
- Detailed deliberation on curriculum in the academic bodies like BOS, Faculties and Academic Council.

6.3.2   Teaching and Learning

Following innovative teaching approaches/ methods/practices adopted by the faculty in the Departments.

- e – learning
- Think pair share among the students e.g. lab work, computer work, assignment, library work,
- Group discussion
- Poster Sharing among the research
- Brain storming on issues/problems students, special
- Panel discussions
- Seminar presentations
- Concept mapping by the students and teachers
- Blended learning (multiple use of learning strategies and styles)

There is a positive impact on the students with these methods adopted in teaching-learning activities. The impact is measured on the basis of participatory approach by the teachers, students' vertical advancement, their involvement in academic and research programmes and performance in various examinations and placements.

These points are considered while adjudging the Best Teacher Award. Appreciation letter from the Vice-Chancellor is issued to such faculty.

Around 80% of the course work programmes have mandatory project work mandatory. Projects are compulsory for M.Ed., M. Com, M. Sc., MCA, MBA, B. Tech., M. Tech., MRS, MSW, M.J.C students. They are evaluated by the external examiners. Some of the diploma courses in science and social sciences faculties have the mini project work. The weightage of marks ranges from 50 to 200.

- **Number of projects executed within the university**
  All the students appearing for M.Ed., M. Com, M. Sc., MCA, MBA, B. Tech., M. Tech., MRS, MSW, M.J.C. course work on the campus are entitled to work on the research projects assigned by the respective departments. This number is around 1,200 per year.

- **Names of external institutions associated with the university for student project work**
  1)   Indian Institute of Geomagnetism, Kolhapur Centre
  2)   National Geography Research Centre, Hyderabad
  3)   National Chemical Laboratory, Pune
  4)   Centre of Materials for Electronic Technology, Pune
- **Role of faculty in facilitating such projects**
  The faculty encourages the students to undertake projects on diversified areas and in national institutions for collaborative work. They also supervise research projects.

6.3.3   Examination and Evaluation

The important examination reforms initiated by the University both for University Departments and affiliated colleges are indicated below:

- Continuous Internal Evaluation and Semester end examination
- e-Suvidha- Digital University Digital College (DUDC)
- Secured Remote Paper Delivery (SRPD) mode system:
- On-Line application for Convocation
- Decentralization of examination

The Examination Section follows the schedule of paper-setting, printing of question papers through RBI recognized Printing Press, coding, evaluation, decoding and declaration of results. These reforms are implemented fully. The results are declared as per the schedule.

The average time for declaration of results of examination is 30 days. Average time taken for the University Departments is less than 30 days. Shivaji University has a very good track record of declaring more than 70% results within 30 days. University arranges a special assessment programme in case of delay. The results are declared on University website and notice boards.

6.3.4   Research and Development

In the reporting period following initiatives were taken up:
- Research Policy is formulated
- Innovation and Incubation Cell is formed.
- University Publication Cell is formed.
- Research Committee in each Department to scrutinise the projects.

Major achievements are as follows:

- DST-PURSE: A major interdisciplinary programme amongst the eighteen Science and Technology Departments under DST-PURSE for which grant-in-aid of Rs. 9.00 crores has been sanctioned by DST and fully utilized by University Science Departments. Its second phase proposal is being sent.
- DBT-IPLS: Another noteworthy project is interdisciplinary Programme in Life Sciences under which Rs. 5.00 crores has been granted by DBT, New Delhi. Six departments are involved in this programme.
- TEQIP: Department of Technology has been sanctioned Rs. 10.00 crores under the TEQIP programme granted by the World Bank for research in all Engineering subjects (08).
- DST-SAIF: University has been granted Rs. 5.00 crores under DST-SAIF programme for purchase of sophisticated analytical instruments for interdisciplinary research in science departments.
- Good number of Ph.D. thesis were uploaded on the UGC-INFLIBNET ETD repository "Shodhganga"

6.3.5 Library, ICT and physical infrastructure / instrumentation

> The library houses 55 computers with high internet bandwidth of 20 MBPS leased line and additional 1 GBPS from National Knowledge Network (NKN) with a view to browsing, sharing and downloading of e-information (online/offline). LibSys integrated library software has been installed for library automation. Four separate OPAC nodes are operating for public access at the ground floor, near the entrance of the library and also OPAC facility is made accessible through campus LAN at all the departments. A series of printers such as Dot Matrix/Laser and Ink-jet printers are housed in the library. Well designed library website/portal facilitates the overall information about the library and links to various e-resources/contents. The library has downloading facility for students and faculty with instrumental devices such as database server, internal/external storage devices like hard disk, CDs/VCDs, scanner, printer and digital camera are available for storing the information available in textual, image, graphic, audio, video/multimedia formats. Surveillance system such as CC TV and biometric equipment are also housed at different sections of the library for security of the material. University Library has institutional membership to several organizations for sharing e-resources such as INFLIBNET Centre Gandhinagar, British Council, Association of Indian Universities, New Delhi, Association of Commonwealth Universities, U.K., Current Science Association, Bangaluru and GDNET (Global Development Network). Library has planned to develop institutional repositories and Content management system for the users.
>
> Necessary physical infrastructure such as Academic Resource Center, terrace reading hall, Ramp and Resource Centre for Inclusive Education for disabled students/faculty, extension of library building, adequate drinking and sanitary facilities etc are provided by the library.
>
> Further Turnstile security gate system is implemented at the reading hall of extension building of library.

6.3.6 Human Resource Management

> - Thrust areas are identified on the basis of expertise available and the research work in the Departments.
>
> - Appointment of the teachers in support of the thrust areas.
>
> - Promotion of teachers under CAS.

6.3.7 Faculty and Staff recruitment

> Faculty and staff recruitment is carried out as per provisions in Standard Code/MCSSR, 1984 and Teachers' Statutes / UGC guidelines.

*Provide the details in annexure (annexure need to be numbered as i, ii,iii)

7.4 Contribution to environmental awareness / protection

Shivaji university is located in Kolhapur city and it is around 30 kilometers away from Western Ghats which is a World Biodiversity Hot Spot. Botanical Garden of Botany Department has nurtured rare plants from Western Ghat. The University is conscious about environment and tries to create environmental awareness among all its stakeholders.

The University authorities are very keen on making the campus eco-friendly by adopting certain measures. University has adopted outsourcing policy for daily cleaning of buildings and surroundings. The faculty, Staff and students are keen on clean campus and takes cleanliness drive on 2nd October as well as during working. The university has very unique audit called Academic and Administrative Audit where all Departments participate and those coming in first three will be felicitated on University Foundation Day celebrated on 18th November. University practices energy conservation and all street lights and tube lights in the buildings are replaced by LEDs. University has two mini irrigation percolation dams on the campus and self sufficient in water. Only in odd situation in summer season University buys water from Kolhapur Municipal Corporation.

Sewage treatment plant, rain water harvesting and plantation drive is also undertaken for making campus clean, green and healthy. The campus observes "No Vehicle Day"on every first Saturday of month which conserves around 120 liters of fuel reducing emission of carbon.

University campus is also plastic free.

Following awareness initiatives regarding environment are taken up in the reporting

period :

Celebration of Ozone Day (16th September),

Wetland Day (2nd February),

7.5 Whether environmental audit was conducted?   Yes [√]   No [   ]

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

Strengths:

- NIRF Ranking (2016) 28th
- NAAC 'A' grade (2014-2019)
- Globally ranked 1 in Materials Science Collaboration
- H – index of the institute: 86
- Student: Teacher ratio 1:20
- World class research in thrust areas in tune with world ranking institutes.
- 1st Rank in Material science amongst Indian Universities (Current science 2016)
- Exponential growth in quality research output during last 5 years indicating strong potential for accelerated growth
- International collaboration with 63 reputed institutes
- Substantial increase in research metrics
- Focus on Societal problems and Societal linkages through NSS/ DSW
- Two RUSA sponsored Centres of Excellence
- N^3 (Nucleate-Nurture-Navigate) mechanism to prepare next generation UG/PG students
- I^3 (Inculcate-Innovate-Incubate) mechanism to motivate faculty through research sensitization, Networking, collaboration
- Strong networking with stakeholders for addressing societal issues
- Pollution-free campus with rich biodiversity spread over more than 800 acres of land
- Post-graduate Departments in most of the disciplines viz. Basic Sciences, Humanities, Languages and inter-disciplinary subjects.
- Sixty-Four MoUs signed with national and international organization.
- The only University in the State to implement successfully the cluster college scheme (Lead College Scheme) for the total quality management of the stakeholders in affiliated colleges.
- Efficient IT based Accounts Code (developed by the university) admired by Hon'ble Chancellor and adopted by majority of the universities in the state through Govt. of Maharashtra.
- 'Earn and Learn' Scheme as an inclusive educational model implemented from the year 1968 onwards.
- Sensitization of the University towards Environmental problems of Western Ghat.
- The only University in Maharashtra selected for AICTE sponsored TEQIP III program.
- Students achieved medals in various games of sports at National and International level

Weaknesses:

- Less number of international students
- Blending of domestic and international faculty is weak
- Academic programs, infrastructure and fellowship schemes to attract international students yet to be introduced
- Holistic e-Governance for the administration at the inception level
- Formal research and innovation ecosystem yet to be formulated
- A few industrial linkages
- Patent, IPR and technology transfer culture at the inception level
- Resource mobilization yet to be strengthened

Opportunities:

- Scope for professional consultancies.
- Enriching curriculum with focus on internationalization
- Provision for better infrastructure for international research scholars.
- Ample scope internationalization of higher education and attracting foreign students.
- Potential for holistic implementation of ICT in all the walks of University life
- Expansion of University-Society Interaction for sustainable development.

Threats:

- Policy constraints in formulating the mechanism of credit transfer across the globe
- Affordability of higher education at par with international for the students coming from lower economic strata of the society
- Existing recruitment policies

Best Practices

Best Practice : 1

1. **Title of the Practice: Skill and Job Fair 2018**
2. **Objectives of the Practice:**

Human Resource Management (HRM) is vital activity in organization's performance through employee skills and quality. India, at present, is recognized as one of the youngest nations (demographic dividend) of the world with over 50% of population under the age of 30 years. Considering this scenario, "Skilling India, Innovative India, Make India, Make in India, Teach in India, Clean India, Stand up India, Startup etc are the motivating, path finding words and activities. The CSED has been working for skill gap analysis and bringing together the job seekers and job providers with skill training support. CSED has specially working on skills and entrepreneurship development programme, to measure skill gap and employability index by empirical research, to know the existing skills and required skills for employability and to develop employment and self employment.

3. **The Context:**

The Centre for Skill and Entrepreneurship Development (CSED), Shivaji University, Kolhapur has been working on Skill Development, Trainers Training, Skill Building, Brand Ambassador, Skill mapping, Employment index development, Entrepreneurship development etc. Considering this need, the CSED, Shivaji University, has been motivating to the students and bridging the gap by way of "Finishing School" through skilling the students and making them employable. The Shivaji University, Kolhapur has been working on it. Skill and Entrepreneurship Development is very much required for employment and self employment. Considering this background; Industries, Organizations, SHGs, NGOs and other social organizations should have to involve for the betterment of the students and society at large.

4. **The Practice:**

To determine and provide required skills and creativity to the job seekers have multidimensional scope in the Shivaji University, Kolhapur jurisdiction. The university has been imparting the knowledge but imparting soft and hard skills, sharpening skills and conducting finishing school is very much required for achieving 2020 goal of Hon'ble then the President A. P. J. Abdul Kalam. The skill development and creativity activities are required for employability of unemployed youth in the Shivaji University jurisdiction. This proposal will help for skill gap analysis study by way of required skills and available skills in different sectors and sub sectors in university jurisdiction. The cell has geographical and functional scope for developing skills and creativity of the students. It is an extension or support to **NSDC** work.

1.   Title of the practice : RO water treatment Plant & Distribution

2.   Objectives of the practice

To provide clean Drinking water on university campus by reverse osmosis system in which pollutants & microorganisms are removed from water by active carbon filter, thin film composite membrane chlorination and U.V. filter.

3. The context

The drinking water on the campus was earlier supplied through pipeline by traditional filtration method i.e. through filter house where water passes through sand filter where suspended particles are removed and chlorination is done but complaints regarding quality of drinking water was obtaining from students especially in rainy seasons.

4. The Practice

Due to complains received about the quality of drinking water university authority decided to install reverse osmosis water treatment plant on the university campus so as to provide clean drinking water to every person on campus.

At university campus there is well on down stream side of the music dam RO Plant is installed near the well so that water from the well is utilized for the RO water treatment plant.

1. Water lifted from well first passes through micron cartage filter of 0.1 microns where major suspended particles are removed.
2. Then passes through sand filters where dosing of chlorine is also done which kills microorganisms.
3. Then passes through activated carbon filters where chorine, organic chemicals are removed from water.
4. Then passes through 0.5 microns cartage filter where suspended particles are removed

5. Then passes through reverse osmosis membrane where water passes under pressure through composite micron membrane which maintain total dissolved solids and PH value of water

6. The treated water received in primary storage tank is treated with U.V. treatment which kills micro organism and bacteria in water.

7. Then water received in secondary storage tank is given ozonation which maintains the hygiene of the water for one month after packing.

8. Then water is packed in 20 liters jars through semi automatic bottling plant where each bottle is rinse with chorine spray boiled water spray & then with filtered water spray & packed.

These packed bottles of 20 liters are distributed to every door step in University Campus daily.

5. Evidence of Success

As per the feed back form health centre of University illness due to water infection has remarkably decrease especially in rainy seasons.

6. Problems Encountered and resources required.

As it is complete new established drinking water distribution system along with old row water supply system department has to run the new system with available staff and by hiring distributors of 20 litre jar from plant to every door step in campus by open tendering process.
