

Shivaji University, Kolhapur
University Industry Interaction Cell (UIICell)

Activities during the period 1 July 2014 to 30 June 2015

Following activities are carried out under the University Industry Interaction Cell during the period 1st July 2014 to 30th June 2015.

Representation on industrialist meetings:

Co-ordinator, UIICell, along with faculty members in the university campus has represented university at the meetings of industrialist to check new possibilities of interaction for mutual benefit. The industrial associations have also agreed to invite faculty members in their meetings. These members will act as liaising officers between university and industries.

Consultancy work:

Some of the faculty members from various departments as Department of Computer Science and Department of Geography have carried out consultancy services for,

1. ISERC, Visva Bharati, Santiniketan, West Bengal.
2. Elements Software, Kolhapur.
3. GIS / GPS training
