

SUK offers over 10 short term courses

Over 10 short-term courses (STCs) are in the offing at Shivaji University's Indo-German Tool Room (IGTR) Advanced Technology Training Centre. According to a circular issued by the university on Sunday, training will be offered on Autocad, solid works, Catia, VLSI, Embedded systems, CNC programming, PLC programming and other programmes.

Students having a diploma or holding a degree in an eligible stream can apply for the courses which will be held on the first Monday of every month at the Advanced

Technology Centre (ATC). The fees of the short term courses range from Rs 4,500 to Rs 9,000, depending upon the programme. The duration of the courses will also differ. 22.5% seats are reserved for SC/ST candidates who will not be charged any tuition fee.

An official from the uni-

versity said that IGTR was an International Organization of Standardization (ISO) certified Tool Room and Training Centre which was established in 1990 and was the symbol of Indo-German co-operation aimed at promoting purposeful technical education for the youth in India.

Blood donation at MBA department: A blood donation camp was held at SUK's MBA department last week. According to officials, students from the first year and second year participated in the activity. Chhatrapati Pramilla Raje (CPR) civil hospital collected the blood samples.

Self-defence workshop: A self-defence workshop was organised at SUK last week under the Beti Bachao initiative. Organisers said such events were the need of the hour as many students lived in hostels or worked away from home. "They need to know the basic self-defence tactics to avoid eve-teasing or harassment of any kind," said organisers.
