Felicitating the *Hands that Care*

Icons of Health, South Maharashtra-2019, an initiative of the **The Times Group**, honoured 20 doctors and professionals from the healthcare industry in recognition of their work

Sanjay Chotal

With a view to recognising the contribution of doctors and professionals in the healthcare industry, **The Times Group** organised Icons of Health, South Maharashtra-2019. Twenty doctors and health-care professionals were felicitated for their exemplary work at a programme held at Saveri Kothapur recently.

Under the unique initiative — the maiden edition of Icons of Health, South Maharashtra-2019, Shreemardh

Chhatrapati Shinde, chief guest for the function, and the guests of honour Dr Mahadev Dixit, senior consultant and chief of cardiac sciences, N.I.B. Hospital; and Dr

Devanand Shinde, vice chancellor, Shivaji University, felicitated the doctors, identified for their outstanding contributions to the healthcare industry.

In his address, Shreemardh Chhatrapati Shinde lauded **The Times Group** initiative and said, "It will recognise the efforts of doctors and encourage all of them to do more so that they stand here but deserve to be felicitated for their excellence. Doctors are a very important and responsible part of the society. The doctor-to-patient ratio in India is very low and a major reason is the cost factor. A lot of brilliant students don't opt for this because of the high fee structure. I hope the government looks into this aspect."

Dr Mahadev Dixit spoke about the noble profession and congratulated all the doctors

who were felicitated. It's a matter of pride to honour the doctors for their remarkable service towards ensuring a healthy society.

"Felicitating the Hands that Care" is the tagline of the event and it truly makes sense to care first and then cure. I choose to be a

heart specialist because heart always cares," he said.

Dr Devanand Shinde, in his speech said, "It's rare these days for the doctors to get the appreciation they truly deserve. However, they are largely blamed often for every ailment. Let me thank **The Times Group** for coming up with such a praiseworthy event."

The audience, most of whom comprised doctors and healthcare professionals, felt a sense of pride hearing first-hand that their services to the society were recognised and appreciated.

Many from the profession, seldom seen in public owing to their commitments, felt happy to be sharing the dais with their colleagues. It was indeed an evening of pride and memorable moments for one and all.

Dr Mahadev Dixit

Those felicitated

Dr Santosh Prabhu

Dr Sachin Patil
