WHAT THE EMINENT VISITORS HAVE SAID....

P. N. Bhagwati, Former Chief Justice of India

It was a wonderful experience being here in this University for the convocation. To view its vast open spaces for removed from the dew and dust of city life, this University resembles the heritage of olden times where students came to where students come to acquire knowledge. It is a tribute to the galaxy of successive Chancellors and Vice-Chancellors that this University has within less the a quarter of a century, acquired high prestige and reputation as a centre of leaning and scholarship. I have no doubt that this University, named after a great son of India, will march forward in the service of Indian humanity.

Dr. Man Mohan Singh, Finance Minister of India

I deem it a great honor to have been invited to address the 31st Annual Convocation of Shivaji University. The Convocation was held in a most dignified manner and I congratulate the Vice-Chancellor are the orderliness of the entire proceedings. From what I have heard and read about the University, it has made highly impressive progress since establishment 32 years ago. Located in a dynamic region of Maharashtra, it faces great challenges. I am confident that the University faculty and students will remain steadfast in their commitment to the pursuit of excellence as well as social relevance. May all those associated with this university be inspired by the same patriotism, adventure and enterprise above all the love of our country, which characterized the noble life and work of Chh. Shivaji Maharah from whom the University derives its name.
