Introduction

Shivaji University, Kolhapur (Hereafter mentioned as SUK) is a state level University with Main office at Vidyanagar Kolhapur 416004. SUK is desirous to procure an Internet Leased Line ILL of capacity 50 Mbps as a backup line to the existing ILLs.

Purpose

The purpose of this Quotation is to seek the services of reputed firm/agency, which shall supply Install, commission and maintenance of Internet Leased Line at SUK for one year by procuring the necessary hardware & Software for the same. This document provides information to enable the Vendors to understand the broad requirements to submit their bids.

Scope of Work

SUK reserves the right to amend/add/delete/edit any of the following items of the scope of work at the cost of the Vendor, which shall be binding on the successful Vendor.

The objective of this activity is for Supplying, Installing, Commissioning and Maintenance of Internet Leased Line.

The period of the work is for one year and extension of further two years subject to yearly performance review. If during the review, the performance of the selected Vendor is not found satisfactory then SUK at its discretion may terminate the contract.

The Vendor should analyze the Internet Leased Line requirement at SUK. Subsequently, the Vendor needs to submit the detailed installation and commissioning plan of the Internet Leased line. Following is the minimum scope but not limited to it:

1. The Vendor should provide one line of 50 MBPS Internet connectivity (Leased Line) from Class A or B ISPs at SUK, Kolhapur office on yearly rental basis.
2. Provide minimum 5 Public IP addresses of ipv4 pool (32 bit) and 5 Public IP addresses of ipv6 (128 bit) pool.
3. Installation, commissioning, configuring of the link. to make line fully functional at 50MBPS.
4. Maintenance support service (24 hours and 7 days a week) for Bandwidth and equipment.
5. 50 MBPS Internet bandwidth Network Availability: More than 99.5 % per quarter.
6. Packet Losses: Less than 1 % (Average over 1000 ping) at any given point of time to any part globe.
7. Latency: Less than 350 ms from SUK to ISP's tier 1 peering point.
8. Reports for performance, monitoring /usage to be submitted by, the Vendor on weekly or monthly basis or as per requirement of SUK
9. SUK shall provide the space and power supply for Internet Leased line connectivity.
10. Any other equipment including fiber etc. which is required to commission the Internet connectivity shall be the responsibility of the Vendor.

Acceptance Tests

At the discretion of SUK, acceptance test will be conducted by the Vendor on installed Internet Leased Line connectivity at the SUK site in the presence of the officials of SUK. The tests will check for trouble-free operation of the complete network for ten consecutive days apart from physical verification and testing. There shall not be any additional charges payable by SUK for carrying out this acceptance test. SUK will take over the network on the successful completion of the acceptance test.

Completeness of Installation & Commissioning

The installation and commissioning will be deemed as incomplete if any component of the hardware, software etc. or any documentation is not delivered or is delivered but not installed and/or not operational or not acceptable to SUK after acceptance testing/ examination. Also, the Vendor shall have to supply all necessary accessories along with the supplied goods, appropriate licenses, device drivers, data sheets and documentation which may be required, whether mentioned or not mentioned in the Quotation scope, for successful acceptance of the quoted equipment to SUK.

Project Timelines

T = Date of Award of contract

Sr. No	Service	Activity/Task	Timeline
1	Internet Leased Line	Complete Supply, Installation and Commissioning of Internet connectivity at SUK, Kolhapur location.	T + 30 days

- Each deliverable shall be deemed to complete only after proper due diligence and acceptance by SUK.
- There will be a penalty of Rs. 500 per day for delay in case the Complete Supply, Installation and Commissioning of Internet Leased at SUK (Head Office) as mentioned in the above table is not completed within 45 days after award of work.
- Penalty charges shall be limited to the 5% of contract value. However, SUK has right to terminate and blacklist the Vendor on non-performance.

Payment Terms

- Payment for installation shall be made after necessary due diligence and approval of the Supply, Installing and Commissioning Internet Leased connectivity as per this Quotation scope.
- Payment for lease line shall be made on quarterly basis after necessary due diligence
- Payment shall be made within 30 days of submission of invoice on final acceptance by SUK on quarterly basis.
- Penalty, if any, as per the SLA defined in tender shall be adjusted against the quarterly payment.

Service Level Agreement

The successful Vendor has to comply with below-mentioned SLAs to ensure adherence to quality, security and availability of service. The Vendor should provide adequate tools required to capture the data for SLA verification and will submit the SLA reports on the quarterly basis to SUK. Based on the SLA MIS shared by the Vendor the final penalty would be calculated on quarterly basis.

- 50 Mbps bandwidth (1:1) Internet Lease Line connectivity at all the time.
- Packet Losses: Less than 1% (Average over 1000 ping) at any given point of time to any part of globe.
- Average Round trip delay (Latency): Less than 350 ms from WII to ISP's tier 1 peering point.
- Network Availability: Average network availability per calendar month across the IP network (Internet) should be > 99.50%
- Reports for performance, monitoring /usage to be submitted by the ISP on weekly or monthly basis or as per requirement of SUK. These reports may be accessible through an online portal on a periodic basis for real time reporting.
- The response time for attending the faults will be four hours (maximum) after they are reported to the ISP. They will rectify the faults within 24 hours failing which it will arrange temporary replacements. The services shall be provided on 365x24x7 basis.

In case of the above parameters going out of specifications, SUK will have to be compensated adequately in respect of the extended time for the loss of hours in service. Also, if services are not found satisfactory, SUK reserves the right to cancel the contract with one-month notice.

Table 1: SUK Network Uptime

S. No	Service	*Uptime service
1	Internet lease line	99.5%

*Internet uptime will be calculated on monthly basis with 24 (Hours) x 7 x 365 Availability

Table 2: Penalty Calculation for Downtime

S. No	Downtime (Monthly Basis)	Downtime (Monthly Basis) *Penalty for Downtime of Internet Leased Line (Extension of the service period with no-additional cost to SUK)
1	1 to 2 %	5 Days
2	2% & above	10 Days

If during the assigned contract period the downtime exceeds more than 5 % for consecutive three four months then SUK has right to terminate contract and blacklist the Vendor on non-performance.

The extension period for the entire contract period will be extended only after the initial contract period is expired.
